Really Simple Price List

We currently do not charge a set-up fee nor do we charge for minor corrections or adjustments. If you have not worked with us before we recommend a proof (or proofs) for color quality, proofs are normally 8 x 10 and cost \$12. If you are uncertain of the quality of an image at much larger size we recommend an "at size" section proof where we take a section of the image at final size.

We hate to waste paper so the most economical way to print is by the linear foot 44" wide. If you only need one print we also offer prints by the square foot.

By the *linear* foot\$48
By the *square* foot 17
